

SEMINAR PROGRAM

AUGUST 2008

WEDNESDAY, 6 AUGUST

9:15am to 10:15am

Auditorium

Medical Foundation Building (K25)

TITLE: CHROMIUM AND VANADIUM SUPPLEMENTS IN DIABETES

Presenter: *Peter Lay (Chemistry)*

MFB Seminar Series

WEDNESDAY, 6 AUGUST

12:00pm to 1:00pm

Norman Gregg Lecture Theatre

Edward Ford Building (A27)

TITLE: PURIFICATION OF SIDEROPHORES USING IMMOBILIZED METAL AFFINITY CHROMATOGRAPHY

Presenter: *Najwa Braich (Codd, PhD Progress)*

GINKGO BILOBA TERPENOID LACTONES AND GABAA RECEPTOR FUNCTION

Presenter: *Chiu Chin Ng (Johnston, PhD Progress)*

School of Medical Sciences Seminar Series (Pharmacology)

FRIDAY, 8 AUGUST

1.00pm to 2.00pm

Room N248

Anderson Stuart Building (F13)

TITLE: GENETICS AND MEMORY OF STRESS, FEAR AND ANXIETY

Presenter: *Dr Mark Murphy (Anatomy and Cell Biology, University of Melbourne)*

Anderson Stuart Seminar Series

WEDNESDAY, 13 AUGUST

9:15am to 10:15am

Auditorium

Medical Foundation Building (K25)

TITLE: HEME OXYGENASE-1 INCREASES ENDOTHELIAL PROGENITOR CELLS

Presenter: *Robyn Midwinter*

WHOLE-CELL PATCH CLAMP STUDIES OF THE REGULATION OF THE EPITHELIAL NA⁺ CHANNEL IN MOUSE SALIVARY DUCT CELLS

Presenter: *Craig Campbell*

MFB Seminar Series

Today's Research – Tomorrow's Medicine

WEDNESDAY, 13 AUGUST
12:00pm to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: DEVELOPING NOVEL NEUROPROTECTIVE DRUGS FOR PARKINSON'S DISEASE: THEORY AND PRACTICE
Presenter: Associate Professor David Finkelstein (The Mental Health Research Institute of Victoria)

School of Medical Sciences Seminar Series (Pharmacology)

FRIDAY, 15 AUGUST
12:00pm to 1:00pm
Level 6
Centenary Institute

TITLE: MECHANISMS OF NEUTROPHIL RECRUITMENT AND TISSUE INJURY IN ANTIBODY-MEDIATED DISEASES
Presenter: Dr Tanya Mayadas, Harvard Med School, Boston, USA

Bosch Institute Visitor Seminar

TUESDAY, 19 AUGUST
1:00pm to 2:00pm
N248
Anderson Stuart Building (F13)

TITLE: VAV, AN ONCOGENE THAT IS INVOLVED IN HEMATOPOIETIC SIGNAL TRANSDUCTION
Presenter: Professor Shulamit Katzav (Institute of Medical Research, Hebrew University of Jerusalem, Israel)

Bosch Institute Visitor Seminar

WEDNESDAY, 20 AUGUST
9:15am to 10:15am
Auditorium
Medical Foundation Building (K25)

TITLE: GENE EXPRESSION AND IMMUNE EVASION – THE MALARIA PARASITES PERSPECTIVE FOR LIVING IN A HOSTILE ENVIRONMENT
Presenter: Dr Ron Dzikowski (Institute of Medical Research, Hebrew University of Jerusalem, Israel)

Bosch Institute Visitor Seminar

WEDNESDAY, 20 AUGUST
12:00pm to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: TARGETING THE TUMOUR MICROENVIRONMENT
Presenter: Dr Kellie Charles, Discipline of Pharmacology, University of Sydney

School of Medical Sciences Seminar Series (Pharmacology)

WEDNESDAY, 20 AUGUST
4:00pm to 6:00pm
N248 & Courtyard
Anderson Stuart Building (F13)

TITLE: MEDICAL RESEARCH HIGHLIGHTS FROM THE INSTITUTE FOR MEDICAL RESEARCH, HEBREW UNIVERSITY JERUSALEM
(Followed by Drinks and Canapés - RSVP essential – Contact Kathleen Evans)

Bosch Institute Visitor Seminar

Today's Research – Tomorrow's Medicine

The Bosch Institute is a joint initiative of the University of Sydney and the Sydney South West Area Health Service

FRIDAY, 22 AUGUST

1.00pm to 2.00pm

Room N248

Anderson Stuart Building (F13)

**TITLE: FINDING MY “OWN” ONCOGENE, VAV, A
HEMATOPOIETIC SPECIFIC SIGNAL TRANSDUCER
PROTEIN WHICH IS INVOLVED IN HUMAN
MALIGNANCIES**

*Presenter: Professor Shulamit Katzav (Institute of Medical Research, Hebrew
University of Jerusalem, Israel)*

Bosch Institute Visitor Seminar

WEDNESDAY, 27 AUGUST

9:15am to 10:15am

Auditorium

Medical Foundation Building (K25)

TITLE: INDIVIDUALIZED DRUG DOSAGE FOR IMATINIB?

Presenter: Noelia Nebot

**THE POTENTIAL ROLE OF HEME OXYGENASE-1 IN
DIABETES**

Presenter: Neil Hogg

MFB Seminar Series

WEDNESDAY, 27 AUGUST

12:00pm to 1:00pm

Norman Gregg Lecture Theatre

Edward Ford Building (A27)

TITLE: THE KYNURENINE PATHWAY IN MALARIA

Presenter: Dr Helen Ball (Discipline of Pathology, University of Sydney)

School of Medical Sciences Seminar Series (Pharmacology)

FRIDAY, 29 AUGUST

1.00pm to 2.00pm

Room N248

Anderson Stuart Building (F13)

**TITLE: “MEDICAL EDUCATION AND THE MOVEMENT FOR
INDEPENDENCE IN THE DUTCH EAST INDIES, 1900-
1945”**

Presenter: Hans Pols (History and Philosophy of Science)

Anderson Stuart Seminar Series

Today's Research – Tomorrow's Medicine

The Bosch Institute is a joint initiative of the University of Sydney and the Sydney South West Area Health Service
