

SEMINAR PROGRAM

APRIL 2009

WEDNESDAY, 1 APRIL
12:00noon to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: SYNTHESIS AND ANTIFUNGAL ACTIVITY OF BISPYRIDINIUM COMPOUNDS

Presenter: Dr Daniel Obando, Discipline of Pharmacology

Pharmacology Seminar Series

FRIDAY, 3 APRIL
1:00pm to 2:00pm
Room N248
Anderson Stuart Building

TITLE: THE ABC OF MYOSIN MOTORS: ROLES FOR MYOSIN DURING NEURONAL DYNAMICS

Presenter: Professor Peter Chantler, Royal Veterinary College, University of London

Anderson Stuart Seminar Series

WEDNESDAY, 8 APRIL
12:00noon to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: THE ROLE OF NUTRIENT AMINO ACIDS IN PROSTATE CANCER

Presenter: Dr Jeff Holst, Centenary Institute

Host: Renae Ryan

Pharmacology Seminar Series

WEDNESDAY, 15 APRIL
1:45pm to 4:30pm
Farrell Lecture Theatre,
J02 Peter Nicol Russell Building
Darlington Campus

TITLE: REGENERATIVE MEDICINE: THE INTERFACE OF BIOLOGY AND ENGINEERING

Presenters: Prof Jeremy Mao (Columbia University, USA),
Dr Jeff Holst (Centenary Institute), Martin Ng (Heart Research Institute)

SuTEN workshop, RSVP to lmerry@aeromech.usyd.edu.au

WEDNESDAY, 15 APRIL
4:00pm to 5:00pm
Greenaway Lecture Theatre, RPAH

TITLE: VASCULAR APPLICATIONS OF SYNTHETIC HUMAN ELASTIN

Presenter: Steve Wise

NOVEL ROLE FOR TRYPTOPHAN METABOLISM BY INDOLEAMINE 2,
3-DIOXYGENASE IN THE REGULATION OF VASCULAR TONE

Presenter: Yutang Wang

EXPERIMENTAL MODELS OF HYPERTROPHIC CARDIOMYOPATHIES

Presenter: Chris Semsarian

Cardiovascular Research Seminar Series

Today's Research – Tomorrow's Medicine

SEMINAR PROGRAM - APRIL 2009

WEDNESDAY, 22 APRIL
12:00noon to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: DEVELOPING BIOMATERIALS FOR ORTHOPAEDIC APPLICATIONS
Presenter: Dr Hala Zreiqat
Host: Brian Oliver

Pharmacology Seminar Series

THURSDAY, 23 APRIL
4:00pm to 5:00pm
Bosch Lecture Theatre (BLT2)
Medical Foundation Building

TITLE: GLUCOCORTICOID-RESISTANT INFLAMMATION AND
REMODELLING
Presenter: Professor Alastair Stewart, University of Melbourne
Host: Brian Oliver

Pharmacology Seminar Series

FRIDAY, 24 APRIL
1:00pm to 2:00pm
Room N248
Anderson Stuart Building

TITLE: SOLVING DARWIN'S DILEMMA: EVOLUTION OF WORKER STERILITY
IN THE HONEY BEE
Presenter: Professor Benjamin Oldroyd, School of Biological
Sciences

Anderson Stuart Seminar Series

WEDNESDAY, 29 APRIL
12:00noon to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: DEFINING INHIBITOR BINDING SITES ON GLYCINE TRANSPORTERS
Presenter: Amelia Edington (Vandenberg, PhD Progress)

CHEMICAL BIOLOGY OF SIDEROPHORES
Presenter: Cho Zin Soe (Codd, PhD Progress)

Pharmacology Seminar Series

SAVE THE DATE!

2009 ANNUAL SCIENTIFIC MEETING

WILL BE HELD ON

THURSDAY 11th JUNE

Today's Research – Tomorrow's Medicine

The Bosch Institute is a joint initiative of the University of Sydney and the Sydney South West Area Health Service
