

SEMINAR PROGRAM

AUGUST 2009

WEDNESDAY, 5 AUGUST

12:00noon to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: TBA

Presenter: Professor Paul Compton, School of Computer Science and Engineering UNSW
Host: Slade Matthews

Pharmacology Seminar Series

FRIDAY, 7 AUGUST

1:00pm to 2:00pm
Room N248
Anderson Stuart Building

TITLE: USING STEADY STATE POTENTIALS TO PROBE THE RELATIONSHIP BETWEEN DYNAMIC CHANGES IN BRAIN FUNCTIONAL CONNECTIVITY AND COGNITIVE APTITUDE

Presenter: Dr Richard Silberstein, Swinburne University of Technology

Anderson Stuart Seminar Series

WEDNESDAY, 12 AUGUST

12:00noon to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: THE ROLE OF LEUKOTRIENES IN AIRWAY DISEASES

Presenter: David Van Ly (Oliver, PhD Progress)

VOLTAGE-GATED SODIUM SUBTYPES IN CHRONIC PAIN

Presenter: Christine Mozar (Christie, PhD Progress)

Pharmacology Seminar Series

FRIDAY, 14 AUGUST

1:00pm to 2:00pm
Room N248
Anderson Stuart Building

TITLE: OPEN ACCESS AND ACADEMIC PUBLISHING

Presenter: Jeremy Cullis, Medical Sciences Libraries

Anderson Stuart Seminar Series

WEDNESDAY, 19 AUGUST

12:00noon to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: A NOVEL DETERMINANT OF CYS-LOOP RECEPTOR ION CONDUCTION

Presenter: Dr Jane Carland, School of Medical Sciences UNSW
Host: Renae Ryan

Pharmacology Seminar Series

Today's Research – Tomorrow's Medicine

The Bosch Institute is a joint initiative of the University of Sydney and the Sydney South West Area Health Service

SEMINAR PROGRAM - AUGUST 2009

WEDNESDAY, 19 AUGUST

4:00pm to 5:00pm

Greenaway Lecture Theatre, RPAH

TITLE: GENE THERAPY FOR CARDIAC ARRHYTHMIAS

Presenter: Dr Eddy Kizana

ADVANCES IN BLOOD PRESSURE AND GLUCOSE MANAGEMENT IN DIABETES (DISCUSSION OF RECENT NEJM, LANCET PUBS OF ADVANCE AND OTHER WORK)

Presenter: Assoc Professor Anushka Patel

Cardiovascular Research Seminars

FRIDAY, 21 AUGUST

1:00pm to 2:00pm

Room N248

Anderson Stuart Building

TITLE: THE INSECT OPTIC LOBES AND INSIGHTS INTO MECHANISMS UNDERLYING FEATURE AND MOTION VISION

Presenter: Dr David O'Carroll, University of Adelaide

Anderson Stuart Seminar Series

WEDNESDAY, 26 AUGUST

12:00noon to 1:00pm

Norman Gregg Lecture Theatre

Edward Ford Building (A27)

TITLE: CHEMOKINE RECEPTORS: PHARMACOLOGICAL TARGETS FOR PREVENTING IMMUNE SUPPRESSION

Presenter: Dr Scott Byrne, Department of Infectious Diseases and Immunology, The University of Sydney

Host: Brent McParland

Pharmacology Seminar Series

FRIDAY, 28 AUGUST

1:00pm to 2:00pm

Room N248

Anderson Stuart Building

TITLE: FRANK COTTON AND THE DEVELOPMENT OF THE ANTI-G SUIT

Presenter: Professor Roger Dampney, Physiology

Anderson Stuart Seminar Series

Today's Research – Tomorrow's Medicine

The Bosch Institute is a joint initiative of the University of Sydney and the Sydney South West Area Health Service
