

SEMINAR PROGRAM

MARCH 2009

WEDNESDAY, 4 MARCH

12:00noon to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: LIPID MODULATION OF GLYCINE TRANSPORTERS

Presenter: Xin Liu (Vandenberg, final PhD talk)

Pharmacology Seminar Series

FRIDAY, 6 MARCH

1:00pm to 2:00pm
Room N248
Anderson Stuart Building

TITLE: NOVEL ADAPTATIONS AT STRESSED AND OVEREXCITED DROSOPHILA SYNAPSES

Presenter: Dr Shanker Karunanithi, University of Arizona

Anderson Stuart Seminar Series

WEDNESDAY, 11 MARCH

12:00noon to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: UNDERSTANDING TRANSMISSION OF RESPIRATORY VIRUSES USING A NOVEL MASK SAMPLER

Presenter: Dr Sacha Stelzer-Braid, Virology Research, Prince of Wales Hospital

Host: Brian Oliver

Pharmacology Seminar Series

FRIDAY, 13 MARCH

1:00pm to 2:00pm
Room N248
Anderson Stuart Building

TITLE: A ROLE FOR P53 DEPENDENT APOPTOSIS IN PREVENTION OF B CELL LYMPHOMA

Presenter: Professor Anthony Braithwaite, Children's Medical Research Institute, Westmead

Anderson Stuart Seminar Series

WEDNESDAY, 18 MARCH

4:00pm to 5:00pm
Greenaway Lecture Theatre, RPAH

TITLE: LONG-TERM EXPRESSION OF GROWTH HORMONE MEDIATED BY AAV VECTOR IN INFARCTED HEARTS

Presenter: Ryuchi Aikawa

NOVEL ROLE FOR TRYPTOPHAN METABOLISM BY INDOLEAMINE 2, 3-DIOXYGENASE IN THE REGULATION OF VASCULAR TONE

Presenter: Yutang Wang

THE NEW CENTRE FOR OBESITY, DIABETES AND CARDIOVASCULAR DISEASE

Presenter: David Cooke

Cardiovascular Research Seminar Series

Today's Research – Tomorrow's Medicine

SEMINAR PROGRAM - MARCH 2009

WEDNESDAY, 18 MARCH
12:00noon to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: STRUCTURE-FUNCTION RELATIONSHIPS OF LIGANDS OF THE
MICROGLIAL TRANSLOCATOR PROTEIN (TSPO)
Presenter: Alana Scarf (Kassiou, PhD Progress)

CHARACTERISATION OF A MOUSE MODEL OF SCHIZOPHRENIA
Presenter: Jarrah Spencer (Arold, PhD Progress)

Pharmacology Seminar Series

FRIDAY, 20 MARCH
1:00pm to 2:00pm
Room N248
Anderson Stuart Building

TITLE: THE INTERACTION BETWEEN SEROTONIN-1A AND NMDA
RECEPTOR: IMPLICATION FOR TREATMENT OF COGNITIVE DEFICIT
IN SCHIZOPHRENIA
Presenter: Dr Vera Bubenikova-Valesova, Prague Centre of
Psychiatry, Charles University, Prague

Anderson Stuart Seminar Series

WEDNESDAY, 25 MARCH
12:00noon to 1:00pm
Norman Gregg Lecture Theatre
Edward Ford Building (A27)

TITLE: CLINICAL AND EXPERIMENTAL PHARMACOLOGY IN OLD AGE
Presenter: Associate Professor Sarah Hilmer, RNS
Host: Renae Ryan

Pharmacology Seminar Series

FRIDAY, 27 MARCH
1:00pm to 2:00pm
Room N248
Anderson Stuart Building

TITLE: EXCITABILITY TESTING IN THE CLINICAL SETTING
Presenter: Associate Professor Matthew Kiernan, Prince of Wales
Medical Research Institute

Anderson Stuart Seminar Series

SAVE THE DATE!

2009 ANNUAL SCIENTIFIC MEETING

WILL BE HELD ON

THURSDAY 11th JUNE

Today's Research – Tomorrow's Medicine

The Bosch Institute is a joint initiative of the University of Sydney and the Sydney South West Area Health Service
