

SEMINAR PROGRAM

SEPTEMBER 2009

FRIDAY, 4 SEPTEMBER

1:00pm to 2:00pm

Room N248

Anderson Stuart Building

TITLE: BACTERIAL SIDEROPHORES AS INSPIRATION IN DRUG DESIGN

Presenter: Dr Rachel Codd, Pharmacology & Bosch Institute

Anderson Stuart Seminar Series

WEDNESDAY, 9 SEPTEMBER

12:00noon to 1:00pm

Norman Gregg Lecture Theatre

Edward Ford Building (A27)

TITLE: BRIEF EXPOSURE TO HIGH CONTRAST REDUCES THE SENSITIVITY OF EARLY VISUAL NEURONS IN THE MARMOSET

Presenter: Dr Aaron Camp, Physiology

Pharmacology Seminar Series

FRIDAY, 11 SEPTEMBER

1:00pm to 2:00pm

Room N248

Anderson Stuart Building

TITLE: THE TOPOGRAPHY OF INFORMATION, VISION AND BEHAVIOUR IN FIDDLER CRABS

Presenter: Dr Jan M. Hemmi, Research School of Biology, ANU

Anderson Stuart Seminar Series

WEDNESDAY, 16 SEPTEMBER

12:00noon to 1:00pm

Norman Gregg Lecture Theatre

Edward Ford Building (A27)

TITLE: MINING SPIDER VENOMES FROM NOVEL BIOPESTICIDES AND THERAPEUTICS

Presenter: A/Prof. Graham Nicholson, Dept of Medical and Molecular Biosciences, UTS.

Host: Renae Ryan

Pharmacology Seminar Series

WEDNESDAY, 16 SEPTEMBER

4:00pm to 5:00pm

Greenaway Lecture Theatre, RPAH

TITLE: TBA

Presenter: Professor Craig Anderson

ROLE OF DHCR24 IN VASCULAR INFLAMMATION

Presenter: Alison Heather

Cardiovascular Research Seminars

Today's Research – Tomorrow's Medicine

The Bosch Institute is a joint initiative of the University of Sydney and the Sydney South West Area Health Service

SEMINAR PROGRAM - SEPTEMBER 2009

FRIDAY, 18 SEPTEMBER

1:00pm to 2:00pm

Room N248

Anderson Stuart Building

TITLE: STUDYING PROTEINS AND LIPIDS TO DISSECT THE MOLECULAR MECHANISMS OF Ca^{2+} - TRIGGERED MEMBRANE FUSION
Presenter: Professor Jens Coorsen, University of Western Sydney

Anderson Stuart Seminar Series

WEDNESDAY, 23 SEPTEMBER

12:00noon to 1:00pm

Norman Gregg Lecture Theatre

Edward Ford Building (A27)

TITLE: LYMPHANGIOLEIOMYOMASTOSIS – THE ROLE OF TSC2

Presenter: Dr Lyn Moir

Host: Renae Ryan

Pharmacology Seminar Series

FRIDAY, 25 SEPTEMBER

1:00pm to 2:00pm

Room N248

Anderson Stuart Building

TITLE: MEMBRANE ORGANISATION AT T CELL ACTIVATION SITES

Presenter: A/Prof. Katharina Gaus, Centre for Vascular Research, UNSW

Anderson Stuart Seminar Series

WEDNESDAY, 30 SEPTEMBER

12:00noon to 1:00pm

Norman Gregg Lecture Theatre

Edward Ford Building (A27)

TITLE: EXPLORING THE ROLE OF INTERSTITIAL CELLS OF CAJAL IN RHYTHMIC ACTIVITY OF THE RODENT VAS DEFERENS

Presenter: Ernestine Chung (Lloyd, PhD Progress)

TITLE: THE ACTION OF FLAVONOIDS AT GABA(A) RECEPTORS

Presenter: Steve Devenish (Hanrahan, PhD Progress)

Pharmacology Seminar Series

Today's Research – Tomorrow's Medicine
